## The ERG 2008 Update is now available for CoBRA<sup>®</sup> Version 4.2.1

ALEXANDRIA, VA. Defense Group inc. (DGI) is pleased to announce that the ERG 2008 update is now available for CoBRA 4.2.1.

This update is free to all CoBRA users with active support subscriptions, and can be downloaded from the DGI website at <http://www.cobrafirstresponder.com/support.cfm>. Please note that this update is only for users of CoBRA 4.2.1 – if you have an earlier version of CoBRA, you should upgrade to CoBRA 4.2.1 by calling our toll free technical support line at 1-877-233-5789 and having a CoBRA 4.2.1 CD shipped to you (it will include the ERG 2008 update).

Separate ERG 2008 update files are posted for Windows Vista and Windows 2000/XP. Users must download the file that matches their operating system. To install, simply double-click on the .exe file that you download, and take the default options.

**\*\*\*\*Please note!** – If users have purchased a CoBRA Hospital Incident Command Systems (HICS) Add-on pack OR if you have made changes to thier CoBRA software using the CoBRA Administrator Tools, this update will overwrite those changes. Please contact CoBRA technical support by toll free phone (1-877-233-5789) or email ([support@defensegrp.com](mailto:support@defensegrp.com)) for detailed instructions on how to perform the update without losing your changes or Add-ons.

DGI continues to update and enhance CoBRA with the latest first responder and DoD content available and will be releasing additional content and new tools in the near future. We always request user feedback on how we can continuously improve CoBRA, so please contact us with your input and suggestions.
